

LUMICHRON CUSTOM CLOCKS

A Custom Clock manufactured by Lumichron will be the visionary realization of the project architect/designer and may include a special shape, colors, textures, functionality such as sweeping second hands fully synchronized with the minute hand, sound effects, illumination, etc.

BENEFITS OF A CUSTOM CLOCK

A special project will command a special clock. A custom time feature will add the finishing touch and often is the focal point and main attraction. Any distinctive features will help make it outstanding and memorable.

INSTALLATION

As with any Lumichron clock, it will usually be shipped complete and ready-to-install with minimal field assembly. Careful attention to site preparation and communication with factory construction will assure a smooth installation.

STANDARD FEATURES

- Completely designed and fabricated to-order
- Robust commercial construction for years of running service
- Fully automatic high quality time controls for hands-free time-keeping
- Impulse-driven slave clock movements
- Manufactured for the application - outdoors or indoors with proper venting, glass crystals, architectural finishes, etc

CONSIDERATIONS WHEN ORDERING

- Size to match height/viewing distance
- Finish schedule to suite environment
- Readable dial/hands from distance
- Illumination (clock faces look best when illuminated)
- Serviceability & access
